Dear Professor

**Mário Coutinho dos Santos, PhD**

**Managing Director of the Business Economics Research Center**

**Universidade Autónoma de Lisboa**

Ref. Scientific internship of Prof. Jacek Jaworski

In relation to the project financed by the European Union, intended to support the scientific development of our University, I kindly request your approval to accept Prof. Jacek Jaworski to participate in the scientific internship.

Prof. Jacek Jaworski is one of our distinguished research employees with a major list of scientific achievements to his credit. I am convinced that the scientific internship at your renowned Institution would facilitate Prof. Jaworski's development of the research competences and would prove a significant step towards his scientific advancement. I also hope that your acceptance of Prof. Jaworski to proceed with his internship shall result in fruitful scientific cooperation of our Institutions in the future.

As part of the executed EU project, we would cover the travelling expenses, the accommodation and sustenance of the delegated employee. We would cover his salary from our own resources. Following the establishment of the scope of the intern's activity, the host institution, would only be expected to assist in the organisation of the intern's research work.

With best regards
